

Agile Manifesto Puzzle

We are uncovering better ways of developing software by doing it and helping others do it.

Through this work we have come to value:

Individuals
& Interactions

>

Processes
& Tools

Working
Software

>

Comprehensive
Documentation

Customer
Collaboration

>

Contract
Negotiation

Responding
to Change

>

Following
a Plan

That is, while there is value in the items on the right, we value the items on the left more.
